Club Membership -- Rules and Benefits

Introduction:

Agents are the backbone of LIC of India. The agents have therefore to be nurtured and cultivated to grow up in the profession, acquiring sufficient knowledge, skills and competence to discharge their duties effectively towards policyholders and clients. To inculcate professionalism in agents, to motivate them for higher production and consistency of business, to encourage them to render service to policyholders and to accord them a higher status in the organisation and society, the institution of Clubs at 4 levels viz., Branch Manager's Club, Divisional Manager's Club, Zonal Manager's Club and Chairman's Club was brought into existence with effect from 1.4.1971. This may be hailed as the landmark in raising the status of the profession of insurance salesman in this country.

In order to promote professionalism amongst a larger number of agents and to enhance insurance coverage at a faster pace, Distinguished Agents' Clubs at Branch Level have been formed w.e.f. 1.4.1999.

A premium Agents Club called the "**CORPORATE CLUB**" has been formed w.e.f. M.Y. 2004-05 to motivate and recognize high performers.

One more club named the "Galaxy Club" has also been introduced w.e.f.M.Y.2015-16.

**Qualifying conditions and other Criteria prescribed for
Membership of Agents Clubs**

(Chairman's, Zonal Manager's, Divisional Manager's and Branch Manager's)

1. The qualifying criteria for Entry as well as Continuation of membership of different clubs have been revised. These revised rules shall be applicable from the Financial Year 2010-2011 (M. Y. 2011-12).

Membership criteria for Entry and Continuation (Table 1)

Sr.No	Name of the Club	CM	ZM	DM	BM	
1	Minimum Net Number of Lives	40	30	20	15	Mandatory Condition
2	a) Net No of Lives or b) No of Lives in force	130 600	100 400	80 250	50 150	Either of a) or b)
3	Renewal Comm Paid (Rs)	2,00,000	1,40,000	90,000	50,000	Condonable upto 100 % see * Relaxation Clause:
4	FY Comm Paid Rs (including Bonus Commission paid in the financial year)	2,00,000	1,40,000	60,000	35,000	Condonable upto 50 % see * Relaxation Clause

The criteria is to be fulfilled in the **Qualifying year** and **in any two out of three financial years** preceding the qualifying year for both Entry and continuation.

Relaxation Clause:

An agent will have to fulfill condition with regard to Renewal Commission and First Year Renewal Commission as per above Table.

However, a shortfall in fulfillment of FYC (paid) condition may be condoned maximum up to 50%, in years to be reckoned for Club Membership, provided it is compensated with the same or higher percentage increase on the basic condition prescribed for Renewal Commission paid

Or

A shortfall in fulfillment of Renewal Commission paid condition may be condoned up to a maximum of 100% in years to be reckoned for Club Membership provided it is compensated with the same or higher percentage increase on the basic condition prescribed for First Year Commission paid.

Relaxation in fulfillment of criteria :

An agent who has completed the age 60 as on the date of commencement of Club membership year and had been continuous member of the same club for not less than 15 membership years or Life members of CM and ZM Club can continue the membership of the same club by fulfilling at least 75 % of the criteria applicable to that club.

Continuation of Club Membership in the year/s of failure:

If an agent does not fulfill the condition of 'minimum net no. of lives' prescribed in the financial year reckoned to allow the agent to continue in any of the clubs, the club membership will be treated as continued for the number of years for which he/she has not fulfilled the condition of 'Minimum Net no. of lives' as per the table given below:

No.of years of continuous membership in any club/clubs	Relaxation allowed
05	One occasion
10	Two occasions

However, the agent will get the benefit of continuity as that applicable to the **lowest club** membership held during his/her continuous membership of 5 or 10 years as the case may be .

Further, he will continue to get the monetary benefits in such a year of failure of such lowest club.

However, if an existing club member agent fails to fulfill other conditions apart from the 'minimum net no. of lives', he will be treated as non- regular club member and will not be eligible for any monetary benefits including attendance at the Convention. He/she will be eligible for functional privileges only, provided Sr./Divisional Manager is satisfied on the basis of an interview that the failure to bring in the Minimum Net No.of Lives was due to genuine difficulties. In such a case Sr./Divisional Manager will issue necessary authorisation in writing to the concerned agent.

Escalation Clause:

From the Membership Year 2017-18 (Qualifying Financial Year 2016-17), a 5% escalation clause each year on the previous year's Entry criteria in respect of First Year Commission paid and Renewal Commission paid (rounded off to nearest thousand) will be applicable for entry to any club. However, for continuation there will be a concession for one year in applicability of the escalation clause, i.e., 5% escalation clause on the previous year's Continuation criteria in respect of First Year Commission paid and Renewal Commission paid (rounded off to nearest thousand) shall be applicable from Membership year 2018-19 (Qualifying Financial Year 2017-18). Please see below table for details.

An agent who has attained the age of 60 years or more **AND** has been a CM's or ZM's Club member continuously for the last 10 years would be exempted from 'escalation clause' for the purpose of continuation in the respective club.

For agents who have qualified for exemption as per above conditions, the continuation criteria would be the criteria of the last qualifying year (i.e. prior to Membership Year from which exemption has been granted).

Various terms those are used in the Club Rules:

“Net Number of Lives” are distinct lives insured (not number of policies) during the qualifying financial year reduced by the number of lives who had been insured in the financial year preceding the qualifying financial year whose policies are lapsed as on 31st March of the said qualifying financial year

Credit for revived policies:

Any agent, who has revived policies in respect of business completed by him/her during the financial year preceding the Qualifying Financial year, is allowed to claim credit to the extent of 'lives revived' in arriving at 'Net Number of lives' if such policies are in force as on 31st March of the qualifying financial year. However, the agent must submit the full details of such policies revived by him/her as per the Proforma in 'Annexure III' and make a representation to the Branch Office for allowing such credit within a period of 2 months from the close of the qualifying financial year. The Branch Office after due verification of the particulars, shall grant

credit in arriving at 'Net Number of Lives' only if the agent is falling short of the required norm. The period of 2 months from the close of the qualifying financial year is for making a representation to the office and not for reviving the policies upto 31st May.

“Number of Lives in Force” are the number of lives in force at the end of each relevant year out of the total business completed by the agent from the inception of the agency to the end of each such financial year. If the same life takes more than one insurance in the same financial year, it will be counted as one life only

“Pucca lapsed policies” -The policies under which overdue premium/s remain unpaid for more than six months from the date of the first unpaid premium are deemed to be pucca lapsed for the purpose of arriving at Net Number of Lives in determining agents eligibility for membership of any club. All policies issued in the previous financial year which stand pucca lapsed as on 31st March of the subsequent financial year are to be deducted from the policies issued in the subsequent year to arrive at the 'Net' figure for considering the agent's eligibility for Club Membership irrespective of whether the first unpaid premium was due in the previous financial year or the subsequent financial year.

First Year Commission includes Bonus Commission paid in the financial year.

Commission ‘earned’ means Commission actually ‘paid’ to the agents during any financial year.

Definition of Minium Net No. of Lives:

This is the minimum no.of ‘Net Number of Lives’ as defined above which are to be secured in a financial year.

Impact of Lapsation for Club Membership

Lapsation	Agents who are Aspiring for Club Membership	Existing Club Member Agents
> 15 % for any F Y	The year will not be considered for reckoning the eligibility even if the agent has fulfilled other conditions	There will be no disincentive. However the Agent will be kept under watch & no fresh advance for Fast conveyance or Housing loan shall be granted to Agent till such time the Lapse ratio remains more than 15%
> 15 % for two consecutive years	The agent shall have to start afresh. No credit will be given for the years during which he/she would have already qualified.	Neither be eligible for attending convention nor the office allowance (Stationery Allowance in case of BM's Club Member Agent) for that particular M.Y.
> 15 % for Three consecutive years	--	The Agent will lose the membership of the club

Interviews for Club Membership:

Mere fulfillment of criteria for entry to any club does not confer upon an agent the club membership unless he/she has been interviewed and found suitable for admission to the club by the Competent Authority. Every agent who is to be admitted to any club for the first time or who is to be promoted to the higher club shall be subjected to an interview by the Competent Authority. This is true even for promotion of a Zonal Manager's Club Member to the Chairman's Club or Divisional Manager's Club Members to Zonal Manager's Club. Interview for entry into the Chairman's/Zonal Manager's club shall be conducted by a committee constituted as per the guidelines issued by the Central Office from time to time. More than one committee depending upon the number of candidates to be interviewed can be formed so that interviews are completed as quickly as possible.

The agent/s who do not fit into the philosophy of these clubs meant for professionals should not be admitted. It may however happen that though a few agents, who may be quite conversant with the various plans of insurance, may not be actually working in the field and selling life insurance. Such agents would not be suitable for entry to the clubs and are to be weeded out at the time of interview for entry into these clubs. The real touchstone for membership into these senior clubs is that the agent should be one who besides being conversant with the fundamentals of life insurance, various plans of the Corporation and other saving instruments and market especially Insurance market, should be working in the field and selling life insurance and providing due services to policyholders. In addition,

his/her conduct and behavior shall also be taken into account while granting the membership.

The agents who have been relegated to a lower club due to non fulfillment of business conditions should not be called for the interview.

There will be no interview for an agent who becomes eligible for admission into BMs Club/ Distinguished Club.

An agent who becomes eligible for admission to Divisional Manager's Club will be interviewed by a committee appointed by the Sr./Divisional Manager (I/C) of the Division.

An agent who becomes eligible for admission to Z.M's/C.M's Club will be interviewed by a committee appointed by the Zonal Manager I/c. The interview committee constituted for this purpose will be one R.M from the Zonal Office preferably one who has worked on the Marketing side (to be nominated by Zonal Manager), Sr./Divisional Manager(I/C) of Divisional Offices and Marketing Manager of the Division.

If an agent who has appeared for an interview before the interview committee has failed to satisfy the committee for two successive years, then such an agent may be given a third opportunity to appear for the interview. However the competent authority for allowing this will be the Zonal Manager(I/C) for interviews to the C.M's Club and Z.M's Club and the Sr./Divisional Manager(I/C) of the Division for the Divisional Manager's Club. The Zonal Manager (I/C) of the Zone or the Sr./Divisional Manager (I/C) of the Division as the case may be should record the reasons in writing for allowing third opportunity. If such an agent fails to satisfy the interview committee on the third occasion then such an agent has to be debarred for two years from appearing for the interview. However, thereafter the agent may be called for an interview, in the third year, provided he/she is still satisfying the conditions of entry into the club and Sr./Branch Manager make special recommendations stating as to how he considers the agent has improved and is worth considering for entry into the club. In case of an agent who is called for an interview for the third year, as stated above, no T.A or D.A is payable to such an agent, even though the interview takes place outside his/her headquarters.

The debarring of an agent for two years from appearing for the interview in the event of failure on his/her part to satisfy the interview committee for three successive years holds good irrespective of the levels of club for which he/she was interviewed.

The interviews shall be completed in such a way that the results are declared **by 31st July** every year.

Training:

Every agent who is admitted as a member of any club and/or one whose membership is continued in the said Membership Year will be required to undergo training at ZTC/STC (Including Unified Training Programme)/Jeevan Vidya Trust or training by similar other training institute/s as may be approved from time to time, failing which the club member agent shall render himself/herself ineligible for continuation of the benefit of the Office Allowance and interest free loan/advances in the following year.

The Competent Authority, may however, at its sole discretion, allow reimbursement of the Office Allowance and condone interest in exceptional circumstances if it is satisfied that requirement of training could not be fulfilled due to reasons beyond the control of the agent. The reasons for allowing the benefit etc shall be recorded in writing.

In the latter case, the said agent shall have to undergo training positively in the following year of continuation failing which recovery of amount so reimbursed and/or interest condoned together with interest @ 12% and 9% respectively shall be recovered from his/her commission.

Note 1: The Life Members are not governed by this provision.

Note 2: Club Members aged 60 years and above are exempted.

Note 3: An agent who has undergone training at any of the above institutions even as a non-club member is deemed to have fulfilled this training requirement.

Note 4: The training taken shall be valid for a period of 4 years from the date of completion of the training.

Notes 5: In addition to above training, the following trainings are also valid for above benefits:

i) Training availed by Corporate Club Member agents in lieu of Educational Seminar at International destination, at ISB, Hyderabad, IIM, Ahmedabad or any other Institute approved by Central Office from time to time.

ii) Training availed by Chairman Club member Agents in lieu of attending Chairmans' Club convention at institutes approved by Central office from time to time.

Similarly, training availed by MDRT agents for COT/TOT at MDI, Gurgaon approved by Central Office, HRD and FPT Departments.

Agency with any other Insurer:

If any member/s of an LIC agent's family has taken agency/Corporate Agency or is a Specified person / Financial Services Executive / Direct Sales Executive with any other Life Insurer or is a Life Insurance Broker, then the agent working with LIC shall not be eligible for grant / continuation of Membership of any Club. The definition of members of family of an agent shall include-

- (i) Spouse;
- (ii) Children or step-children staying with the existing agent;
- (iii) Any other person related whether by blood or marriage staying with the existing agent **or** as amended by LIC of India from time to time.

Life Members of CM Club membership are **exempted** from the provisions of the above said clause w.e.f. Membership Year 2011-12, provided all the following three conditions are fulfilled:-

- (i) The agent is an active member of CM Club.
- (ii) The agent should have completed 60 years of age.
- (iii) He should have a standing of 25 years as CM Club and obtained life membership.

General:

a. The business done by an agent in any part of India will be considered for reckoning the eligibility for qualifying for membership of any club.

b. Only a 'Qualified Agent' i.e., an agent who has completed the minimum business quota as per the Agents Regulations, 1972 and as amended from time to time is eligible to enter or continue as a member of any Club.

c. If the agency is terminated for any reason whatsoever the club membership including life membership will automatically cease. On reinstatement of agency, the Club membership including life membership may be revived depending on the merits of the case. If as a result of any disciplinary action against the agent, the agency is terminated and subsequently it is reinstated by the higher authority, then both the club membership and life membership may be restored unless otherwise decided.

d. An agent will also lose his/her club membership if his/her agency is terminated on account of non-renewal of license. In such a case, the Sr./Divisional Manager (I/C) may reinstate the club membership and life membership in deserving cases provided the license is renewed in chain within a period of 1 year from the date of expiry of the licence. This applies to membership of all clubs i.e, C.M, Z.M,D.M and B.M. Club.

e. Minimum business guarantee will not apply to an agent who has been exempted from the same under the Agents Regulations, 1972.

Revision of Distinguished Agents' Club - Revised Conditions and Criterion:

The agent should have completed minimum one agency year and should be a confirmed agent. The entry condition as well as continuation would be reckoned on the basis of Agents' performance during the financial year. The membership would also commence on 1st April following completion of two agency years provided the agent satisfies the eligibility criteria. The agent should fulfill the following criteria for Entry/Continuation into the Distinguished Club:

Net Number of Lives: 40

First Year Commission Paid: Rs.50, 000

A convention of Distinguished Agents' club members' along with the Branch Managers club members should be held. During such convention the members of clubs should be requested to contribute their ideas on various aspects of selling and servicing Life Insurance Business. The rules should be published in the divisional house bulletin and steps should be taken to draw a list of prospective club members so that a larger number of agents are enrolled in the said club.

The agent/ member will be required to submit the claim of membership/continuation to any club on prescribed format as per proforma (Annexure IV) within 30 days of New Business closing. The office will verify the claim within 7 days of receipt.

LIFE MEMBERSHIP OF CLUBS

Club Membership is a personal honour for the agent. It is earned by the agent with consistency in business for a number of years and also as a result of rendering effective service to the policyholders. It is, therefore, thought appropriate that if an agent continues his membership in a club for certain number of years he should be recognised as a life member of that particular club. With effect from the M.Y. 1986-87 the facility of awarding the Life membership is available to Chairman's and Zonal Manager's Clubs only.

Beginning from the Membership Year 2002-2003, Life Membership for Chairman's and Zonal Manager's Clubs will be granted on fulfilment of any of the following conditions:

- A) Minimum age of 60 completed years as on the date of commencement of Club Membership year; and
Continuous membership in the same club (either Chairman's or Zonal Manager's club) for not less than 15 membership years
- OR**
- B) Continuous membership in the same club (either Chairman's or Zonal Manager's Club) for not less than 25 membership years.

If an agent after having been a continuous member of the Zonal Manager's Club for less than 15 years and then becomes a member of the Chairman's Club and he/she continually retains his/her membership of CM's Club for at least that many years that is falling short to reach 15/25 years, for being a Life Member, then in such a case Life Member of Z.M Club shall be awarded to that agent by clubbing those years in which he/she was a member of the C.M's Club.

A Life member need not fulfill the mandatory condition (Condition 1 as mentioned in Table). **However, they will have to fulfill the other conditions for continuing as a Regular Life Member as per Table 1.** A non-regular life member is the one who has not fulfilled the eligibility criteria prescribed for the Chairman's/Zonal Manager's Club. A non-regular life member will not be eligible for any monetary benefits including participation in the Convention. Such an agent will be eligible for functional privileges only.

Notes:-

a. An agent who becomes a life member of a club and also qualifies for the membership of a higher club, will have the option to avail of the benefits and functional privileges of either the life membership of the lower club or the benefits and functional privileges as a regular member of the higher club. He shall not be entitled to the benefits of both the clubs concurrently.

b. The agent will continue to be a life member as long as he is an agent and does the MBG (unless he is an exempted there from) and will be entitled to exercise all

functional privileges of the club concerned with reference to servicing etc. If at any point of time, he fulfils the requirements for condition of membership, he will automatically be restored to full fledged membership.

It may be noted that while reckoning the number of membership years completed in either Chairman's Club or Zonal Manager's Club though the suspended membership year will not be counted for eligibility for life membership, but it will not be treated as a break in the continuity of membership in the club.

Applicability of the above clause in case an agent has qualified for Corporate club but subsequently demoted to Chairman's Club/ Zonal Managers club for deciding his/her continuous membership in the Chairman's club/ Zonal Managers club.

"While deciding the life membership for CM/ZM club member agent, if discontinuation in the CM/ZM club is due to the agent qualified for higher club, number of membership year in the higher club shall be counted for the purpose of deciding the life membership of the lower club provided he has fulfilled the eligibility criteria of the lower club for which the life membership is being sought, during those discontinued years

For e.g if a CM club member agent has 2 years of discontinuation in his CM club membership due to him being a member of higher club i.e. Corporate club, his membership tenure of Corporate club is to be counted for awarding the CM Club life membership to him provided he has fulfilled the criteria for continuing membership of CM club during those two year.

Honorary Membership of Chairman's Club:

Chairman may admit, at his sole discretion, an agent as an Honorary Member of Chairman's Club, on such terms and conditions, as Chairman may lay down from time to time. Once an agent is admitted as an Honorary Member of the Chairman's Club, he will continue to remain as such unless his Honorary Membership is withdrawn by the Chairman. An Honorary Member of Chairman's Club shall enjoy all the privileges of the Chairman's Club

Functional Privileges to Club Member Agents:

The following functional privileges are allowed to Agents who are members of D.M's Club and above.

1. Attest the signatures and thumb impressions of policyholders and claimants or identify policyholders.
2. To receive loan/claim cheques on behalf of their policyholders/clients on production of required authority letter from the claimant.
3. Members of the Club at the level of the Z.M's , C.M's, Galaxy and Corporate Club are eligible to attest copies of university or matriculation/higher secondary examination/SSLC certificates **after** satisfying that the certificate is genuine and pertains to the life proposed.

In order to facilitate the club members in the matter of quicker attention to their new business for high sum assured, the corporation has vested authority in the club members to submit moral hazard reports as per particulars given below:

Club	MHR Limits
Corporate Club	1 Crore
Galaxy Club	50 Lacs (If CLIA,1Crore)
Chairmans' Club	50 Lacs (If CLIA,1Crore)
Zonal Managers' Club	30 Lacs (If CLIA,75 Lacs)
Divisional Managers' Club	20 Lacs (If CLIA,50 Lacs)
BM/Distinguished Club	10Lacs

The authority as mentioned above shall continue so long as they continue to be a respective Club Member.

The guidelines regarding the above are to be followed as per the instructions given by respective departments of Central Office from time to time.

Fringe Benefits:

Office Allowance

It is acknowledged that maintaining an office of his/her own helps the agent to render better and efficient service to policyholders. It also helps to further his sales of new business and increase the income. It helps the policyholder and the public of the area to approach the agent and meet him/her in office for advice, assistance or help. It adds status and raises the agent's standing in the eyes of the public. Maintaining an office, therefore, applies with greater emphasis in the case of club members. The club members have a much greater standing as compared to the ordinary agents, and therefore, an office is a must for them. With a view to help our club member, who maintains an office of his/her own for the purpose of rendering service to policyholders and claimants, the Corporation is granting Office Allowance.

Reimbursement of Office Allowance is done to the CM's ZM's and DM's club members for maintaining an "Office" depending on the expenses incurred during the Membership Year which includes--

- Rent paid (Actual)
- Salaries paid to Staff (Actual)
- Postage incurred (Actual)
- Amount spent on stationery upto a certain fixed maximum amount
- Amount spend on Office maintenance and Electricity upto a certain fixed maximum amount
- Expenses on entertainment upto a certain maximum amount

"Office" should at least have the following minimum infrastructure –

1. Room of decent size that can be called an 'office' and should have seating space for the agent, his staff and customers.
2. At the entrance a visible board specifying the name of the Agent, his/her club membership, Name of the Corporation.
3. Furniture – Chairs, Table, Almirah / Other storage cabinets for keeping the records/documents of the clients.
4. Adequate publicity of our existing/new products should be made in the office. Needless to mention, that the office should not be indicative of the agent indulging into showing any kind of interest

in the sale of products of our competitors.

5. All important stationery/manuals/relevant brochure/pamphlets documents that would enable him to canvass business.

Care has to be taken to ensure that the office is being properly maintained by the agent before his office allowance is released.

The Sr./Branch Manager(In-charge) or an Admn. Officer to be nominated by the Sr./Branch Manager of the Branch Office where the agent is working will inspect the office/related bills/books of accounts for reimbursement of Office Allowance. The papers for sanction of reimbursement will however be sent to the controlling Divisional Office.

A) The rules regarding payment/reimbursement of Office Allowance applicable to different clubs w.e.f. M.Y.2011-12.
